Patient Name_____

☐ **1. WORK TO BE DONE**

I understand that I am having the following work done; Fillings_____ bridges _____ Crowns_____ Extractions _____ Impacted teeth removed _____General Anesthesia_____ Root Canals_____ Other_____

(Initials _____)

☐ **2. DRUG AND MEDICATIONS**

I understand that antibiotics and analgesics and other medications can cause allergic reactions causing redness and swelling of tissues, Pain, itching, vomiting, and/or anaphylactic shock (severe allergic reaction). Chemical burns to the face can cause scarring.

(Initials _____)

☐ **3. CHANGES IN TREATMENT PLAN**

I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on that teeth that we are not discovered during examination, the most common being root canal therapy following routine restorative procedures. I give my permission to the dentist to make any/all changes and additions as necessary.

(Initials _____)

☐ **4. *REMOVAL OF TEETH***

Alternatives to removal have been explained to me (root canal therapy, crowns, and periodontal surgery, etc) and I authorize the dentist to remove the following teeth _____ and any others necessary for reason in paragraph #3. I understand removing teeth does not always remove all the infection, and if present, it may be necessary to have further treatment. I understand the risk involved in having teeth removed, some of which are pain, swelling, spread of infection, dry socket, loss of feeling in my teeth, lips, tongue and surrounding tissue (Paresthesia) that can last for an indefinite period of time (days or months) or fractured jaw. I understand I may need farther treatment by a specialist or even hospitalization if complications arise during or following treatment, the cost of which is my responsibility.

(Initials _____)

☐ **5. CROWN, BRIDGES AND CAPS**

I understand that sometimes it is not possible to match the color of natural teeth exactly with artificial teeth. I further understand that I may be wearing temporary crowns, which may come off easily and that I must be careful to ensure that they are kept on until the permanent crowns are delivered. I realize the final opportunity to make changes in my new crown, bridge, or cap (including shape, fit size, and color) will be before cementation.

(Initials _____)

☐ **6. DENTURES, COMPLETE OR PARTIAL**

I realize that full or partial dentures are artificial, constructed of plastic, metal, and/or porcelain. The problems of wearing these appliances have been explained to me, including looseness, soreness, and possible breakage. I realize the final opportunity to make changes in my new dentures (including shape, fit, size, placement, and color) will be the "teeth in wax" try-in visit. I understand that most dentures require relining approximately three to twelve months after initial placement. The cost for this procedure is not included in the initial denture fee.

(Initials _____)

☐ **7. ENDODONTIC TREATMENT (ROOT CANAL)**

I realize there is no guarantee that root canal treatment will save my tooth, and the complications can occur from the treatment and that occasionally metal objects are cemented in the tooth or extend the root, which does not necessarily affect the success of the treatment, I understand that occasionally additional surgical procedures may be necessary following root canal treatment (apicoectomy).

(Initials _____)

☐ **8. PERIODONTAL LOSS (TISSUE & BONE)**

I understand that I have a serious condition, causing gum and bone infection or loss and that it can lead to the loss of my teeth. Alternative treatment plans have been explained to me, including gum surgery, replacement and /or extractions. I understand that undertaking any dental procedures may have a future adverse effect on my periodontal condition.

(Initials _____)

I understand that dentistry is not an exact science and therefore, reputable practitioners cannot fully guarantee result. I acknowledge that no guarantee or assurance has been made by anyone regarding the dental treatment which I have requested and consent to the proposed treatment.
